"Kerosene Accident.—Last night, Sabrina Rayner, (col.,) living on East Hargett Street, was barry burned. If not fatally so, by the breaking of a kerosene lamp. It seems a woman passing through the room with the lamp in her hand accidentally dropped it, when she attempted to throw the broken burning mass out of the house, but in her excitement threw it in the lap of the other woman, Sabrina, who was sitting on the porch, the flame grickly igniting her clothing, which was not put out until she was badly burned. She is in a critical condition to-day."—Daily Scatinel, Raleigh, N.C., May 27, 1874.

LOCAL BRIEFS-

The jail of Wake county is one of the neatest, cleanest and best kept prisons in the State, not to say the safest, though we never hear of the escape of prisoners therefrom.

The rain of yesterday evening had the pleasant and agreeable effect of producing quite a change in the weather as well as adding timely nourishment to the parched up gar-

The man that walked against the string attached to the "watch gin" that protected D. Blacknall's chicken coop was seen yesterday morning near the line of Johnson and Harnett counties, running for dear life. The largest turtle of the season was

received at the Yarborough House yesterday evening, weighing 385 pounds. This monster of the briny leep will be "souped up" at the Yarborough to-day and to-morrow.

Nobody now inquires "who struck Billy Patterson;" even the great question, "Will the temperance men get ahead of liquor?" is no longer heard. Everybody is asked, or not for Congress. I say to hell" published it in the Era?" We fear that somebody will have a head put on, or off. Frapps, the well-known lager

beerist, was engaged yesterday in removing his wine and beer saloon to the rooms in the rear of his present standon Fayetteville street. He will fit up the rooms on the street as a wholesale and retail furniture store, and remove his furniture warehouse and manufactury on the corner of Fayetteville and Davie streets to this stand. Frapps will to-night open his rear

rooms, which, by the way, have been elegantly fitted up for the reception of his many patrons, and will sap at his own expense, as many kegs of lager, as the exigences of the case may require.

HYMENIAL.-Capt. W. W. White, Register of Deeds for Wake county, lead to the hymenial altar last evening Miss Laura A. Wood of this city. The ceremony was performed by the Rev. A. W. Mangum of the Edenton Street Methodist Episcopal Church, at the residence of Jno. G. Williams, Esq., the home of the bride. After the ceremony a handsome entertainment was given by Mr. Williams to the friends of the bride and groom that were present, in the way of ice cream, wedding cake, and an innumerable number of etcetras, &c. We were late at the feast, but like the man that came in at the eleventh hour, received as much, &c., (we forget the quotation, but the sentiment is all the same.) In conclusion, we desire to express our hearty congrat-ulations to both the bride and groom. Both have done well, and our parting wish is, may they be ever as happy as now.

RUMORED DEATH OF AN EXCEL-LENT YOUNG MAN.-It is rumored in the city and generally believed that Mr. John Baskerville was the engineer of the ill-fated engine that exploded its boiler on Monday last on the Air-Line Railroad, (an account of which is given in a special telegram to the NEWS of to-day) and that he has since died of his injuries. Mr. Baskerville was well known in this city, being for several years connected with the machine shops of the Raleigh & Gaston Railroad where he served his time. He was universally popular and very highly es teemed by all who knew him. He is a native of Mecklenburg county, Virginia, and a son of Col. Wm. Baskerville, now a prominent and influential citizen of that county. We sincerely hope that the rumor is unfounded, but we have reason to fear that it is true.

SUN STROKES.-We learn that a number of the penitentiary convicts were stricken down with sun stroke while at work in the quarry on Tues day, but as yet, have not learned how many proved fatal. We learn also that two of the hands of Mr. J. P. Wier, working on the walls of the National Cemetery also received sun strokes on the same day. Eleven case in all were reported on Tuesday. Yesterday the weather was not so warm, and as yet, we have heard of no additional cases.

PERSONAL.—Among the many strangers now on a visit to the City of Oaks, we are plesed to see on the streets our friend Maj, Wm.A. Blount of Washington county, one of the largest cotton planters of Eastern Carolina. The Major informs us that crops, though behind hand at first, are moderately fair, since the

TAX-PAYERS? Who Stole the Letters For the Era

A SHERIFF SNATCHED BALD-HEADED The Era, organ of the Holden Re-publicans, published on yesterday evening, the subjoined letters, which seem to have been purloined by some light-fingered Holden-ite on their

way to Logan Harris. There is little doubt of their authenticity, judging from the internal evidence. The phrase "afraid to open their head" is Tim's, no doubt of that, and the other letter is Charley's, that's certain. Reserving our comments for to-morrow, we give the Era's article entire:

"The following letters have come into our possession, and we give them verbatim et literatim, and if any one doubts their genuineness the handwriting can be proven by any number of credible witnesses. It seems that Charley D. Upchurch became somewhat dispirited at the apathy of Sheriff Lee's friends, and as the Sheriff was sick at home and couldn't work for himself, Charley wrote him a letter of condolence and sympathy. This letter stirred up Tim's bile and he dropped a note to "Logan," threatening to stop the Wake County Tax Journal and Public School Substitute if he didn't blast the "Holden crowd," and fi-nally threatens to burst the Repub-lican party of Wake county into a hundred pieces:

SHERIFF LEE" Am sorry you are so sick, would have been out to see you, but was laid up in bed my-self and am weak now, besides I am as mad as hell" about the status, &c. Your enemies. I mean those in our own party are working assiduously day and night to ruin you. The atmosphere is poisoning thick with their damn lies, &c. And your friends are dormant, they don't seem to dare, to say a word in your behalf, they never speak above a breath in your defense. I know what I am tolking days to read the second of what I am talking about, "Magnin' has made the colored people believe that there has been no such thing as a meeting or the Executive Committee, and it is impossible to refute it. The proceedings have never been published and the trick is, as I think never, to publish them, untl it is seen whether Young is nominated Who stole Tim Lee's letter, and with such friends, some of them as

you have gotten. The gentlemen that were nominated by both factions are as dead and uncommitted as they can be. White don't open his mouth. Argo, James Jones, Ellison and King and Jas. Harris are easy with their own double nominations, and don't care to raise any defense for you. Whitaker in his damn" little paper is as weak and don't say a word, is this policy? if it is? 'tis weak, policy of this kind don't make votes, the people are poisoning, and all hell can't change them, when once changed.

I hope you will rebover soon and get out. Yours truly, C. D. UPCHURCH [Signed,]

Logan You have been saying for six months that you would give anything for a paper so you could open on the Holden crowd. You have had one for three weeks and you have writen one article for bill Smith. If no person cares for the paper, and all are afraid to open their head I will stop the paper this week. It is not worth a Dam as it is their is no life or Spirit in it. I cannot blame Whitaker much for he Gets no incorigement from anybody. It does seem as though Holden and his crowd had struck Terror into all hands, the enclosed note of Charly Upchurch is to the point. If their is not a change soon I will bust the party in Wake in a hundred pieces for I am damed tired of all this. [Signed,]

MAYOR'S COURT.

The only cases before the Mayor yesterday were a number of citizens upon whom warrants had been served for dirty back yards, &c. The parties all promised to perform the requirements of the law, whereupon the proceedings were withdrawn. UNITED STATES CIRCUIT COURT.

This tribunal met at 10 o'clock in the Senate Chamber, Chief Justice Waite and Circuit Judge Brooks presiding.

THE OXFORD ORPHAN ASYLUM.-The following circular has been sent to the different Benevolent Orders in this State, and we learn it is meeting with a hearty response on all sides:

RALEIGH, N. C., May 30, 1874. We have been informed that the Orphan Asylum at Oxford, which has already accomplished much good, and which reflects so much credit upon the benevolence of our people, is in need of pecuniary assistance. The claims of this praise-worthy charity have been presented to the benevolent organizations of this community, and without an exception, they have determined on a united effort to raise a fund to be presented to that institution for the benefit of the helpless little ones; hoping thereby to become the instruments in the hands of the Deity, of "tempering the winds to the shorn lambs." Our plan is, to have a public demonstra-tion on the 24th of June, composed of Masons, Odd-Fellows, Knights of Pythias, Grangers, Good Templars, Friends of Temperance and other organizations. Also a grand Pie-Nic at the Grounds of the State Agricultural Society, public addresses and innocent amusements of various kinds, for the entrance to which a

small sum will be charged. The supplies for the occasion will be furnished by the benevolent of this community and vicinity and such other communities as may see fit. It is hoped that the attendance will be large, and with this view it is earnestly desired that such of each of the Orders named as can possibly do so, will attend and co-operate with us, together with the benevolent of either sex, without regard to their connection with any order.

It is designed that the programme shall be so conducted that the entire receipts will be turned over to the institution. No complimentary tickets will be issued. The Committee of Arrangements and contributors alike have to pay the charges for participation.

Permit us to hope that your Lodge, or as many of them as can, will attend. No better object can evoke your aid and presence. Should it be impossible for you or any of you to be present with us, such donation, either in supplies or cash, as you can spare, will be thankfully received. The spectacle of so many great institutions vieing with each other in their efforts to build up and sustain

this noble charity, will be a pleasure and pride to those capable of appreciating benevolent instincts, and will be greeted by the smiles of Provi-All contributions should be sent by

ACKNOWLEDGEMENTS.-Wereturn our thanks for an invitation to attend the anniversary celebration of the Eumenian and Philanthrophic Societies of Davidson College, which occurs on Wednesday, June 24th, at o'clock. The address before the Literary Societies will be delivered by the Rev. Moses D. Hoge, D. D., of Richmond, Va. The following young gentlemen have been selected as orators from the Societies: From the Eumenian, R. P. Davis, N. C.; B. H. Rice, Tenn.; A. B. Coit, S. C. From. the Philanthrophic, J. R. Irwin, N. Young Ladies" at Charlotte.

The exercises will consist of

I. An educational sermon, at 8 P. M., Sunday, 28th instant, at the Presbyterian church, by Rev. J. R. Wilson, D. D., Professor of Theological Seminary, Columbia, S. C. II. An address at 8 P. M., Monday 29th instant, at the Institute, by

Maj. Thos. Sparrow, of Washington, III. A musical rehearsal at 8 P. M. 30th instant, at the Institute, under the direction of Professor Robt. S. Phifer, of the Institute.

THE CONCERT AT THE BAPTIST FEMALE SEMINARY.—The Raleigh Female Seminary closed its Spring ession with a private and select musical soirce Tuesday night. We were unfortunately not invited, but with pleasure we give the following from the Raleigh Republican, whose reporter seems to have been more for-

tunate than us: "The concert given last evening by the young ladies of the Baptist Seminary, under the direction of Prof. L. Von Meyerhoff, was a grand success. The chapel of the Seminary was beautifully festooned, and at an early hour was filled to its utmost by the elite of Raleigh. "The Grand Anthem," composed by the professor, was artistically rendered, and exhibited musical talent of the highest order. The young ladies acquitted themselves creditably, and where all did so well it would be inviduous to discriminate. The Seminary in the hands of Prof. Hobgood is destined to become the leading institution for female education in this State."

PARDONED.-His excellency, Gov. Caldwell, yesterday pardoned James Irving, white, convicted at the fall term, 1870, of Davidson Superior Court of larceny and sentenced to ive years imprisonment in the Penitentiary. Also Austin Dozier, of Edgecombe county, sentenced to the Practices in the Federal and State Courts.

THE LITERARY ENTERTAINMENTS FOR THE RELIEF OF THE LOUISIANA SUFFERERS.—The arrangements for these entertainments are being pushed forward with all possible dispatch. The Executive Committee are making all efforts to procure a lecture from Gov. Vance, and the Secretary Mr. Hampton, has received favorable replies from the various literary gen-

tlemen who have been invited to participate.

The public will be duly notified as to the time and other particulars.

BASE BALL ITEMS.—The Athletics and Socials will have a match game at the Baptist Grove this evening, commencing at 5 o'clock, The contest will undoubtedly be close and

exciting.

The Athletics propose to suspend operations on the 20th instant till September, but will yield to a challenge from the Elm Cities of Newbern, who are championizing the East. Let us hear from the Elm Cities.

THE FIRST COTTON SQUARE.-A. H. Temple, Esq., living within a mile of the corporate limits of Ra-leigh, left on our table yesterday, a cotton stalk, measuring twelve inches in length, with several limbs, and one developed square. This cotton, Mr. T. informs us, was planted on the 10th of May. The Charlotte Observer is respectfully requested to take down its eight inch stalk, planted on the lst of May, and to acknowledge that he is fairly beaten.

KITTRELLS SPRINGS .-- The very reasonable price of board at this popular place will cause a large crowd to resort there this season. Gen. Matt Ransom's family and others are already there.

To BE ABSENT.-Gov. Caldwell will leave the city Sunday night to attend Burke Superior Court and will be absent for about ten days.

Dr. Schenck's Pulmonic Syrup, Sea Weed Tonic, and Mandrake Pills.—
These medicines have undoubtedly perform'd more cures of consumption than any other remedy known to the American public. They are compounded of vegetable ingredients, and contain nothing which can be injurious to the human constitution. Other remedies advertised as cures for consumption, probably contain opium, which is a somewhat dangerous drug in all cases, and if taken freely by consumptive patients, it must do great injury; for its tendency is to confine the morbid matter in the system, which, of course, must make a cure impossible. Schenck's Pulmonic Syrup is warranted not to contain a particle of opium. It is composed of powerful but harmless herbs, which act on the lungs, liver, stomach, and blood, and thus correct all morbid secretions, and expel all the diseased matter from the body. These are the only means by which consumption can be cured, and as Schenck's Pulmonic Syrup. See Weed Tonic and Mandrake be cured, and as Schenck's Pulmonic Syrup, Sca Weed Tonic and Mandrake Pills are the only medicines which operate in this way, it is obvious that they are the only genuine cure for Pulmonary Consumption. Each bottle of this invaluable medicine is accompanied by full directions. Dr. Schenck is professionally at his principal office, corner sixth and Arch Streets, Philadelphia, every Monday, where all letters for advice must be ad-

Our Living and Our Dead.

We learn through a private letter from S. D. Pool, that the second volume of Our Living and Our Dead will be issued from a publication office in Raleigh in the form of a semimonthly periodical of 64 pages. The first number will appear the second Monday in July. Subscription price \$3 per annum. Each volume of six mixed churches, in a word, social months will contain 576 pages of equality with the negro. We included tive party invite co-operation of all

will heartily approve the change, as the pamphlet form is much more suited to such a publication than the weekly newspaper.

We need not repeat what we have so often said, that every man who feels a just pride in the achievements of the sons of North Carolina upon so many a hard fought field, who desires to keep alive in his heart a love and reveration for the men who laid down their lives at the call of their State, should subscribe for Our Living and Our Dead.

The manner in which Col. Pool is carrying out the plan of a peridical devoted to the perpetuation of the war record of North Carolina merits the highest commendation.

Alfred Self vs. David Jenkins, Treaturer of North Carolina.

Disastrous as will be the result of an adverse decision in the case o, Swasey vs. The North Carolina Rail. road Company, to the people of the State, its effects will be as nothing in comparison with those which will surely follow, if the prayer of the plaintiff be granted in the case of SELF vs. JENKINS, now pending. The tax payers of the State may well look on with fear, for if the injunction prayed for in the bill be granted, it will be but the opening wedge to let in a multitude of suits, in effect, if not in form, against the State, and to the uttermost farthing we will be compelled to pay the fraudulent debt created by the infamous Legislature of 1868-'69. The case at present stands thus :

The acts authorizing the issue of the special tax bonds in aid of the different railroads in the State, provided that there shall be annually levied a tax sufficient to pay the interest upon the said bonds. Under these acts a tax was levied for the year 1869, and the money paid into the Treasury of the State. It will be remembered that the payment of this tax was so burdensome that even that corrupt Legislature did not dare to force it again. The acts were repealed in the early part of 1870, and no tax to meet the interest has since been levied. The act of March, 1870, also provided that "the moneys in the State which were levied and collected under the provisions of the acts mentioned in section 1, are hereby appropriated to the use of the State government, and shall be credited to the counties of the State upon the tax to be assessed for 1870," etc.

SELF, the plaintiff, and others, who have made themselves plaintiffs with him, own some two millions of these special tax bonds. They claim that the act of March 8th, 1870, repealing the acts authorizing the issue of the bonds is unconstitutional, and that the money being raised expressly to pay the interest on the bonds could not be diverted by the Legislature. They ask that the Treasurer be enjoined from paying out of the State Treasury any money, until he shall Senator Sumner, were we to say we have replaced, or made good, the sum | were not in favor of CIVIL BIGHTS in belonging to the holders of the special

Bond and Brooks presiding, decided that the bonds were constitutional and binding upon the State, in this, following the decision of the Supreme Court of N. C. in University R. R. v. Jenkins.

The counsel for the State have fought the plaintiff manfully. They contend that the suit is really against the State of North Carolina, though nominally against JENKINS, and that it falls under the prohibition of the Eleventh Amendment to the Constitution of the United States; that the money raised to pay the interest and afterwards appropriated to general purposes by the Legislature has been mixed with the general fund of the State, and can not now be separated or distinguished, and that it falls within the very exception noted in the case relied upon by the plaintiffs, U. S. Bank vs. Osborne. They raise many other objections which it is unnecessary to particularze. The argument was closed on Tuesday and the Court has reserved

its decision.

Should the Court grant the injunction, the next step will probably be to seek a mandamus in the State Courts to make the Auditor audit the claims of SELF and others to the interest due on their bonds, or directly, to order the Treasurer to pay over the sum to the claimants. Then will probably follow actions in every county in North Carolina to compel the Sheriffs to collect the taxes, which it is claimed are already annually levied, or to the Board of Commissioners to include this special tax in their tax-lists. In one way or another the men who are angered at the failure of the State to make any provision to pay the interests due them, will seek to drain the last life-drop from the tax-payers of North Carolina. If they shall succeed, God help the good old State!

The men who fastened this incubus upon the State are again before the people demanding their suffrage. They object to any allusions to the special tax bonds, because they say all this was done five years ago, and though they may have done a wrong | iana and other States is the direct to the State then, that now they are result of federal usurpation, that the working for her best interests, &c.

It may not be bright, but for the sake of all that freemen hold dear, let us meet it shoulder to shoulder. let us feel the touch of elbow, white man to white man, from the sands of Brunswick to the mountain tops of Ashe, and if we shall suffer, let us retain the proud consciousness that in every word and every act we have been loyal to North Carolina.

Civil Rights from the Stand Point of a Colored Man-The Position of the News Sustained.

We have received a communication from O. HUNTER, Jr., a young colored man of this city, defending the merits of Shaw Collegiate Institute and St. Augustine Normal College from what he regarned as an attacd upon those institutions in the editorial columns of the NEWS, If the article is read, it will be seen that no reflection whatever is made upon the two institutions. We honor the liberality that established them, we are glad to hear that they are flourishing and we readily believe that the instruction afforded is of a high character. We shall rejoice to see institutions like them founded in every county in the State, whose colored population justifies it. The reason given by HUNTER for not wishing to go to Wake Forest, etc., is that he prefers his present institution to the white colleges of the State, because he believes he receives a better education there.

In order that any doubting white men may see the truth of our proposition that the negroes really favor the Civil Rights bill, and that they impudently term the natural repugnance of the white man to sit with negroes in mixed schools and mixed churches "prejudice," we give a literal extract from the communication referred to -(the italies are our own) :

Hence if the wall of prejudice were buried beneith the darkest recesses of oblivion, and not a shaddow of difference existed between the two races, I could not see the propriety, of the slightest inclination, to affiliate, ou our part, and under the circumstances, we could not be forced to do We are personally acquainted with the two young men, to whom

the Tribune article referes and by invitation from the trustees, we visited the Institute while in Suffield. We saw no invidious distinction between them and their more favored brethren, though they had to work their way through the school; but still, there was something about it, that caused me to make this remark to one of my fellow-students at the time, "I would not exchange my situation in Shaw collegiate, for a scholarship here." It was not because I feared procription;

I was then a guest of the treasurer of the Institute, but it was because loved the association of my own people better than I did that of any other; and I belive, I spoke the sentiments of nine tenths of the colored people of this state, when I said it; though we would be recreant to ourselves and false to the Lamented some respects.

amid much enthuslasm. Maj. Yeates then addressed the Convention in an eloquent and takng effort, and was followed by Dr. Speed and Maj. Latham who cordially indorsed the nomination and pro-

mised their active support. Mr. P. H. Winston, Jr., from the Committee, reported an admirable series of resolutions, which after some discussion upon the form of the seventh resolution in reference to the 'back pay grab," were adopted. The resolutions declare in substance that all the issues between the two races are settled by the 13th, 14th and 15th amendments, that good public schools ought to be established, that the provisions of the civil rights bill will be detrimental to every interest of both races, that a protective tariff is unconstitutional and unwise, that the mismanagement of the finances has caused the present troubles and that the unequal distribution of currency calls for redress, that local self government is the basis of American liberty and the condition of Louisback pay bill was a gross fraud upon the whole American people and its supporters, and condemus those who received the benefit of it, that to schools, free trade, honest and economical administration of public affairs, &c., the Democratic-Conserva-

"Blood, blood, Iago!" Among commercial statistics we have yet seen no estimate of the annual consumption of blood by American musketoes. In the coming Summer-if it comeswill not such an investigation be curiously profitable? First must be secretained what amount of food a hearty, adult musketo absorbs at a meal; secondly, how many meals are taken during 24 hours; and lastly, how many musketoes exist by feedng from our veins. This final computation can readily be made by any person capable of counting the sands of Long Branch or the leaves of Central Park. But a vast amount of labor can always be saved, by hypothesis. Suppose, then, upon a July day, there are nine hundred and ninetynine nonillions of musketoes on Staten Island. Allow that one bundred millions feast upon blood, in spite of bars, boots, gloves and penny-royal. Give them three 'square' meals a day, allowing a drop to a square, and these self-constituted resorvoirs will carry off 300,000,000 drops of blood in 24 hours! 1,000 drops to a gill would be good measure, and thus divided, we have 100,000 gills, or 6,250 gallons, being somewhat more than 75 puncheons of blood! It may be fairly inferred that musketoes are thorough Republicans from principle as well as interest, going in for the greatest good to the greatest number. In one respect they materially differ from their victim, man, for they never suck each other's blood. In this they are a noble example. They are, too, politically sound on the question of races, for they will dine upon a negro as voraciously as upon a white man. Professionally they bring to mind their scientific allies of the medical fraternity, for they never let blood without running up a bill !- Tribune.

The grasshoppers around St. Paul are pretty vigorous insects, but, until corroborative affidavits are forwarded, there will be a suspension of public opinion as to the statement that they deliberately stripped the reporters sent to interview them, and went to playing draw-poker on their raiment.-Brooklyn Argus.

In case Senator Schurz cannot be re-elected to his present seat, the St. Louis Anzeiger says that many of his friends will favor sending him to the House of Representatives from the First Missouiri Congressional Dis-trict. The Anzeiger thinks his elec-tion then would be certain.

Democratic statesmen are plenty in Missouri. Thus far 14 of them have expressed a willingness to accept the party nomination for Governor, 6 for Lieutenant-Governor, 12 for Secretary of State, and about a dozen for each of the other offices.

in command of. The Cleaveland Banner is reliably informed that a coal mine has been discovered in Cleaveland county, which has a tendency to usher out symptoms of keroseine oil.

The farmers tell the Charlotte Observer that it has been for many years since that there has been so fine a prospect for wheat at this stage of the season. Oats and cotton are also

doing well. Oxford has a four-legged chicken, and the youthful editors of the Torch Light are greatly excited thereat. We hope it can be raised, and should then like to see it in a small fight with

two pair of gaffs on. The Wilmington Regatta of Monday is described in the Star at some length. There were eight entries. The sport was fine, notwithstanding several accidents, and the race was won by Little Walter.

The members of the Oxford Methodist church have put up a clock in front of the pulpit. It would have been a good joke if Mr. Griffith, the excellent pastor, had given them a two hours sermon on the first Sunday it appeared.

The Wilmington Journal learns that on Saturday night last, about 92 o'clock, a colored man by the name of Peter Cash, was accidently killed by Geo. Cash was struck by Green in the abdomen when the latter fell dead.

For the Daily News. TRINITY COLLEGE.

Regining of the Commencement Exercises -sermon Before the Theological Society by Rev. Dr. Phillips of Davidson College.

TRINITY COLLGE, June 7. Perhaps some of the readers of the News may be interested in a short account of the sermon preached by the above mentioned gentleman, before the Theological Society of Trini-

ty College, on the 7th inst. The day being beautiful, quite a large crowd was in attendance to hear the gifted and eloquent divine. Dr. Phillips is too well known throughout the State for us to attempt to say anything concerning the man -his erudition, his talent, his eloquence, his greatness, are matters of history and we need not refer to those in th s article. It is of the sermon

that we will speak.

His text was, Hebrews, 11 chap. I verse; "Faith is the substance of things hoped for, the evidence of things not seen." He said that things of which faith was the evidence, were of two kinds-things not seen, yet having a real existence, and things invisible-that cannot be seen. He gave examples of both kinds. He held that faith—the inevitable force of the soul, that rests firmly in the belief of things not seen, was the power that bound man to God, that caused him to soar upward from the things of nature and worship nature's God. That eternal life itself hinged upon faith, for without it man could not reap the reward offered to those who believe on Him. And that Faith was the most important thing to man. for "except a man have faith, he

must be eternally lost." We will not attempt to give a full out-line of the sermon, for it would lengthen this communication too greatly, but suffice it to say that the subject was handled in a masterly manner, and as but few men could do it. Dr. Phillips has made a profound impression upon the people of Trinity, and may be long live to dispense the truths of Holy Writ; may he have many souls for his hire, and finally, a crown of rejoicing and glory for-

On Wednesday the 10th, Bishop Keener will preach the annual sermon at 10 o'clock, and at 2 o'clock p. m., the Literary Address will be de-livered by Rev. Dr. Wilson, of Washington city. On Thursday the gradunting exercises. A glorious time is anticipated. More anon. EINHOJ.

Resolutions Adopted by the State Executive Committee of the Democratic-Conservative Party -Plan of Organization.

The State Executive Committee of the Democratic-Conservative party, held in this city on April the 16th, adopted the following resolutions and plan of organization. We give our hearty endorsement to the resolutions, and hope the recommendations to discourage all manner of disorganization in our ranks will be carried out to the fullest extent. We cannot have any independent action this Summer if we would succeed:

RESOLUTIONS. Resolved, That we deeply sympa-thize with the people of the West in their want of railroad facilities, and oledge ourselves to use every availaole means to secure the early completion of their projected lines.

Resolved, That the Republican party having despoiled the State of millions of dollars heretofore appropriated for railroad purposes, is unworthy of publicconfidence, and that experience justifies the conclusion that if that party should be again entrusted with the administration of our internal improvements, its leaders would again prove recreant to their sacred trust, and would divert the publicfund to their private pur-

Resolved, That a wise policy dictates the adoption of such measures as may be necessary to increase the educational advantages of the children of North Carolina.

Resolved, That we earnestly recommend to the members of the Democratic-Conservative party to discourage independent candidates and all other disorganizers, and that all support be promptly withdrawn from every aspirant for office who shall oppose the regular nominees of our conventions.

Resolved. That we tender to the friends of Free Government our sincere congratulations at the triumph of the great principles of the Constitution as illustrated by the Democratic successes In the recent State and local elections.

PLAN OF ORGANIZATION. The following plan of organization of the Democratic-Conservative party was adopted:

1. The Executive Committee for the State shall consist as at present appointed, and shall have all the powers heretofore conferred upon it. 2. The Executive Committee for the Congressional and Judicial Districts shall continue as at present constituted, until regularly changed, and shall have general supervision of the affairs of the party in their respective districts

3. In each county there shall be an Executive Committee composed of a Central Committee of not less than three members, and of at least one Committeeman from each township, This Committee shall, under direction of the County Convention, have entire control of county matters. It shall be their duty to see that all the was played we imagined ourself, as details of the canvass are properly fantastic toe and our "jularkee," etc., ed by competent challengers, that etc. If this is not "Young America," each Conservative casts his ballot, then some kind friend will inform us | and that no fraud is perpetrated at the election. They are particularly for the efficient organization of townships, and to seek by a wise administration to promote harmony and to inspire confidence.

4. All Executive Committees are properly chosen by the Conventions held for the respective territorial divisions; but if for any cause there should be a failure by the proper Convention to appoint an Executive Committee, then the State Executive Committee may supply the deficien-

5. Nominations for County officers and members of the General Assembly shall be made by County Conventions; for Town and Township officers, by town and township conventions; for members of Congress and Judicial officers by the

District Conventions. 6. All Conventions shall be open and due notice of the time and place of convening the same shall be given. The resignation of Col. Walter Clark, as a member of the Executive Committee on account of his removal from Halifax, was read and accepted. and Dr. H. E. T. Manning, of Weldon, was appointed to fill the vacan-

cy, after which the following resolution was adopted: Resolved, That this Committee adjourn to meet again in this city on the 10th day of June next, and that all the members be requested to at-tend. W. R. Cox, Chairman.

· ATLANTA, GA., June 10, 74. Engine No. 20, on the Air Lin Railway blew up on Monday at the Water Tank, seven miles from Atlanta, killing the fireman, Henry Miller, colored, and badly wounding the conductor, Mr. Adams. This engine had been in use for some time on the R. & D. R. R., and was one of the first to run on the Air Line. At last accounts the condition of the conductor was critical. The engine was just out of the shops and must have been burned. It was drawing a freight train. The engineer, we learn, was also very seriously wounded.

French Politics-Important Proceedings of the Assembly -- American Catholics in Rome -- They Visit the Vatican and Receive the Com-

munion from the Pope. PARIS, June 10.-In the Assembly, M. Girred, Deputy from Nievre, and a member of the Left, read a document, which he stated had been circulated during the recent election in that Department. The papers urges the Bonapartist officials to confer all appointments in their gift upon retired officers, who are in favor of the election of Burgong of the Bonapartist candidate, and adds that the Minister of Finance, M. Mogue, has fur-nished a list of such officers to the Government. Girred demanded an honest enquiry into the affair Rouber decisimed any knowledge of the document and insinuated that it was fictitious. He declared himself in favor of of enquiry, and would discuss the subject when the results of the investigation were presented to the Assembly. Gambetta accused Ministers Magne and Cissey of complicity in this discreditable baseness. The Bouspartist members of the Assembly endorsed Rouher's offer to discuss the matter when investigated. Rou-

her then reminded Chamber of the charges in relation to the improper and frandulent contracts and appointments reported by the committee, an act of the September government against M. Gambetta. A violent scene followed. Gambetta replied that he had always answered the questions of the committee, but did not admit the right of wretches, with which term he banded the Bonapartists, to question him. The tumult and shouting which this reply provoked, rendered Rouher's rejoinder inaudible. Buffet threatened to vote a censure on Gambetta for the words he had spoken. After the setting, Gambetta and his friends, were followed as they were leaving the chamber, and insulted by the Bonapartists. The occurance is considered as of a serious character, and causes great excitement in Paris. The Left claims that 330 members have pledged to vote for the dissolution of the assembly, and they only requre 33 more votes to carry the motion, which they intend to introduce at the earlist day possi-

WASHINGTON, June 10 .- House .-The House to-day passed Butler's substitute for the Geneva award bill by 113 to 101. The provisions of the substitute bill are, substantially, that the amount of the award shall be distributed; first, to those who suffered direct losses in the capture or destruction of vessels by the Confederate cruisers; second, to remunerate ship owners for the war premiums which they were compelled to pay even where they suffered no direct losses, and third, to Insurance Companies whose losses exceeded their premiums. The point at issue was, whether Insurance Companies generally, should be paid for all their or whether any allowance should be made for war premiums. The war premium men, under the lead of Butler, of Massachusetts, triumphed, and the Insurance men were defeated.

States upon which

the Commissioner paid his claim. This matter was finally discussed in the House recently when a motion to strike out this claim was defeated by an overwhelming vote. The principle involved which the House thus refused to sanction, was however, assorted by the Senate Committee to-day by a vote of 3 to 4.
